ABOUT TORO

OVER THE PAST CENTURY TORO HAS REVOLUTIONISED MOWING

HERE ARE SOME OF THE HIGHLIGHTS
THAT CHANGED MOWING IN BACKYARDS
ALL OVER THE WORLD!

1914:

The Toro Motor Company was founded.

1938:

Toro introduced its first power mower, designed specifically for homeowners.

1955:

Toro unveiled the first consumer electric start mowers featuring both plug-in electric start reel and rotary models.

1959:

Toro introduced the first bagging lawnmower.

1990:

Toro introduced the Recycler® – a mower that almost eliminated the need to bag clippings, thus dramatically decreasing customers' mowing time.

2014:

Toro celebrated 100 years in business.

1914 - 1940:

Toro invested heavily in new product development and proudly introduced many 'first of its kind' products to market.

1952:

Toro's first R&D facility opened in Bloomington – the first facility to test new product concepts and conduct agronomic research in the world!

1957:

Toro launched its first homeowner riding mower – the 3-wheel 27-inch cut Toro Pony reel mower.

1986:

Toro launched the highly successful 'Guaranteed to Start' consumer walk power mower program.

1999:

Toro introduced the revolutionary Toro® Personal Pace® self-propel drive system on walk mowers that enabled mowers to mow at their own personal pace.

2018:

Toro continues to invest heavily in R&D with over 330 current patents.

Toro sale prices and finance promotions are only available through the Toro independent dealer network.

*Finance is not available for products that are on sale.

*Approved applicants only. Fees, terms, conditions & minimum finance amounts apply, incl \$99 Annual Fee charged on the account open date and annually on the anniversary of that date. Annual Fee must be paid in full within 90 days or it will attract interest. Minimum monthly repayment required. Interest, (charged at the Expired Promotional Rate) payable on outstanding balances after any Interest Free Period. See skyecard.com.au for current interest rates. ^The indicative repayments is only an estimate and results should be used as an indication only. They do not represent either a quote or pre-qualification or approval. To take advantage of the Interest Free Period, the indicative monthly repayments stated would need to be made by the due date for each statement period. Therefore, you repay the purchase amount on your Skye Mastercard in full within the Interest Free Period. This monthly repayment excludes the \$99 Annual Fee. The Annual Fee must be paid in full within 90 days of it being charged or interest will be charged on it. In this instance, the indicative monthly repayment is the finance amount divided by the Interest Free Period. The indicative repayments assumes no additional purchases, cash withdrawals, fees or charges are incurred. Only available at Skye retail partners. Credit provided by FlexiCards Australia Pty Ltd ABN 31 099 651 877 Australian Credit Licence number 247415. FlexiCards Australia is a subsidiary of FlexiGroup Limited.

See skyecard.com.au for current interest rates. ^The indicative repayments is only an estimate and results should be used as an indication only. They do not represent either a quote or pre-qualification or approval. In this instance, the indicative monthly repayment displayed is the contractual minimum monthly repayment (MMP) for the first month, which is the greater of 3% of the Eligible Unpaid Balance (as defined in the Skye Conditions of Use) or \$30 as the MMP for the first month is greater than the finance amount divided by the Interest Free Period. Under the Conditions of Use, the contractual MMP will continue to decrease each month as the Eligible Unpaid Balance decreases and therefore, paying only the contractual MMP over the entire Interest Free Period would not repay the purchase price within the Interest Free Period. The indicative monthly repayment includes the \$99 Annual Fee, charged at the time the first debit is charged to your Skye Account and annually on the anniversary of that date.
